Pantone's Colours of The Year for 2024,
a velvety gentle tone, Peach Fuzz.

ROLLER BLINDS

A modern and contemporary choice

Roller blinds offer a large canvas for injecting colour and prints into your space!

Opt for dark florals or sunshine yellows - whatever you decide, there's a style to suit every home when it comes to roller blinds.

Beautiful shading solutions for your skylights and velux windows.

PERFECT FIT BLINDS

This superb shading solution is tailor made to each window and requires no drilling or screwing into window frames.

Perfect fits work great with four blind types: aluminium Venetian, Wooden Venetian, Pleated and Roller Blinds. They're especially useful in conservatories thanks to their space saving qualities.

VELUX BLINDS

Roller, Pleated and Venetian blinds are all great options for your Velux windows and skylights.

They allow in plenty of light whilst open, and we also have blackout options available that are perfect for getting a good nights sleep in your bedroom!

VISION BLINDS

Also known as 'Day & Night Blinds', Vision Blinds work by moving two layers of striped fabric through a free-running bottom bar, enabling new and unique ways to shade your windows!

We love the pop of orange in these blinds to the right, but Vision Blinds come in a wide selection of colours, ranging from neutral whites to bold blues. What colour would you choose?

PLEATED BLINDS

They'll offer a soft and subtle dressing for all your windows, pleated blinds look great in both neutral and bolder tones!

The perfect blinds for your conservatory - experience improved temperature control by reflecting the sun's rays in the summer and in winter, they assist in insulating your windows! The ideal blind to enable year-round usage of your conservatory.

Beige is the new grey!

The popularity of warmer neutral tones

has grown tenfold recently, and we love it!

PLEATED BLINDS

WOODEN VENETIAN BLINDS

Fresh straight lines in contemporary neutral tones. Wooden and Faux Wood Venetian blinds are both beautiful and practical in equal measure.

White is the most sought-after colour, but you can also choose from true wood browns, greys, neutrals and blacks.

All of the above come in either wooden or faux wooden slats. The choice is yours and each has its benefits!

Decorative tapes for Venetian blinds offer a unique style touch, covering cords and allowing for a seamless match with any room decor.

ALUMINIUM VENETIAN BLINDS

The perfect combination of style and substance Aluminium Venetians are practical, durable and beautiful! From cooling greys through to reds, whites and golds - aluminium Venetian's have something to offer everyone. With bright effervescent tones, glorious sparkles, metallic & textured finishes and more... Aluminium Venetians are great across the home!!

Would you go for a two tone Venetian blind? We love the mix of light and dark in this grey Venetian!

ALLUSION BLINDS

Your modern alternative to net curtains. A clever combination of the delicacy of a voile fabric with the versatility of rotating vertical louvres. Enjoy subtle light diffusion and total privacy with elegant Allusion blinds.

Whites and neutral tones are big this year for Allusion blinds. They're highly versatile too when it comes to matching with the rest of your decor. But if you're looking to make more of a statement, bold Allusion Blinds will bring that 'moody' vibe to any space!

PANEL BLINDS

Floor-to-ceiling, stylish shading. Panel blinds are a beautiful window and glazed door dressing option. They can also be used as a soft room divider to break up larger spaces.

Our Panel Blinds come in neutral tones busy florals... and everything in between! You can opt for full print, or alternate a patterned and a plain. Panel Blinds are totally customisable and can really make a statement!

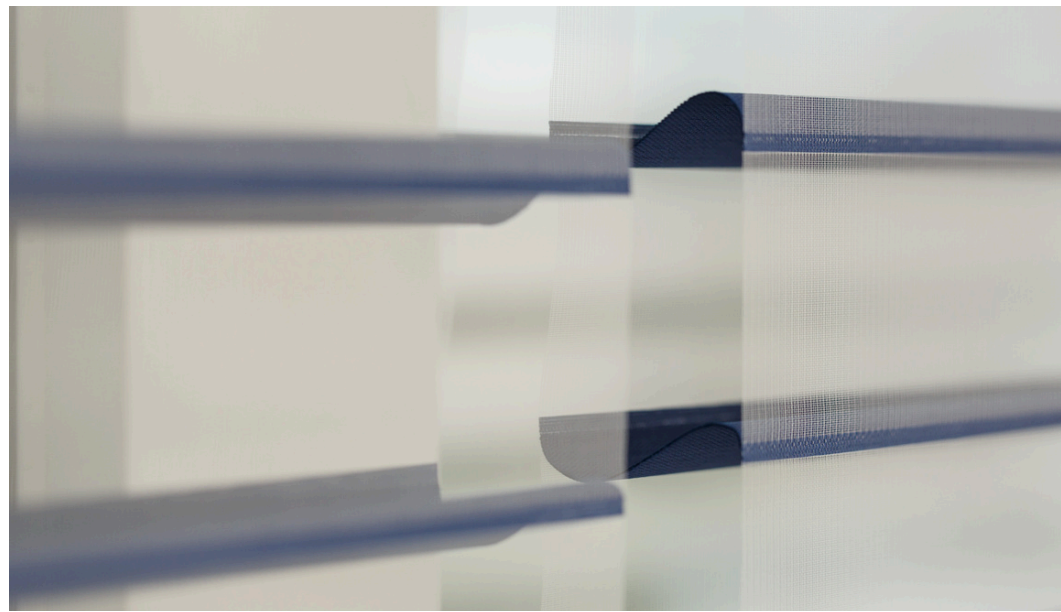

Beautiful black Allusion Blinds offer a soft but dramatic shading solution.

TRIFLOR®

ROLLER VENETIAN BLINDS

Our latest product, the Triflor Roller Venetian blinds, combines the practical aspects of both roller and Venetian blinds. These blinds have fabric slats between two panels, allowing adjustable light control for a diffused lighting effect.

This design provides an effective solution for managing light and privacy in any space, making the Triflor Roller Venetian blinds a practical choice for both home and office environments.

REDUCE YOUR ENERGY COSTS...

...with Solar Protective Thermal Blinds! At A1 Blinds we have a fantastic range of Solar Protective blinds that are proven to retain the heat in your home! These blinds prevent heat loss in winter and overheating in summer, therefore reducing the need for central heating and air-conditioning... as a result, they'll help to reduce your energy costs!

These blinds are available in roller, vertical and pleated styles.

RECYCLED BLINDS

Using pre-used bottles that have been chemically recycled into polyester yarn and woven into window blind fabrics, one of our most popular blind fabrics has had a revamp...

We're proud to offer a super-stylish range of light filtering blinds that look amazing at the window and are made from **RECYCLED CONTENT!**

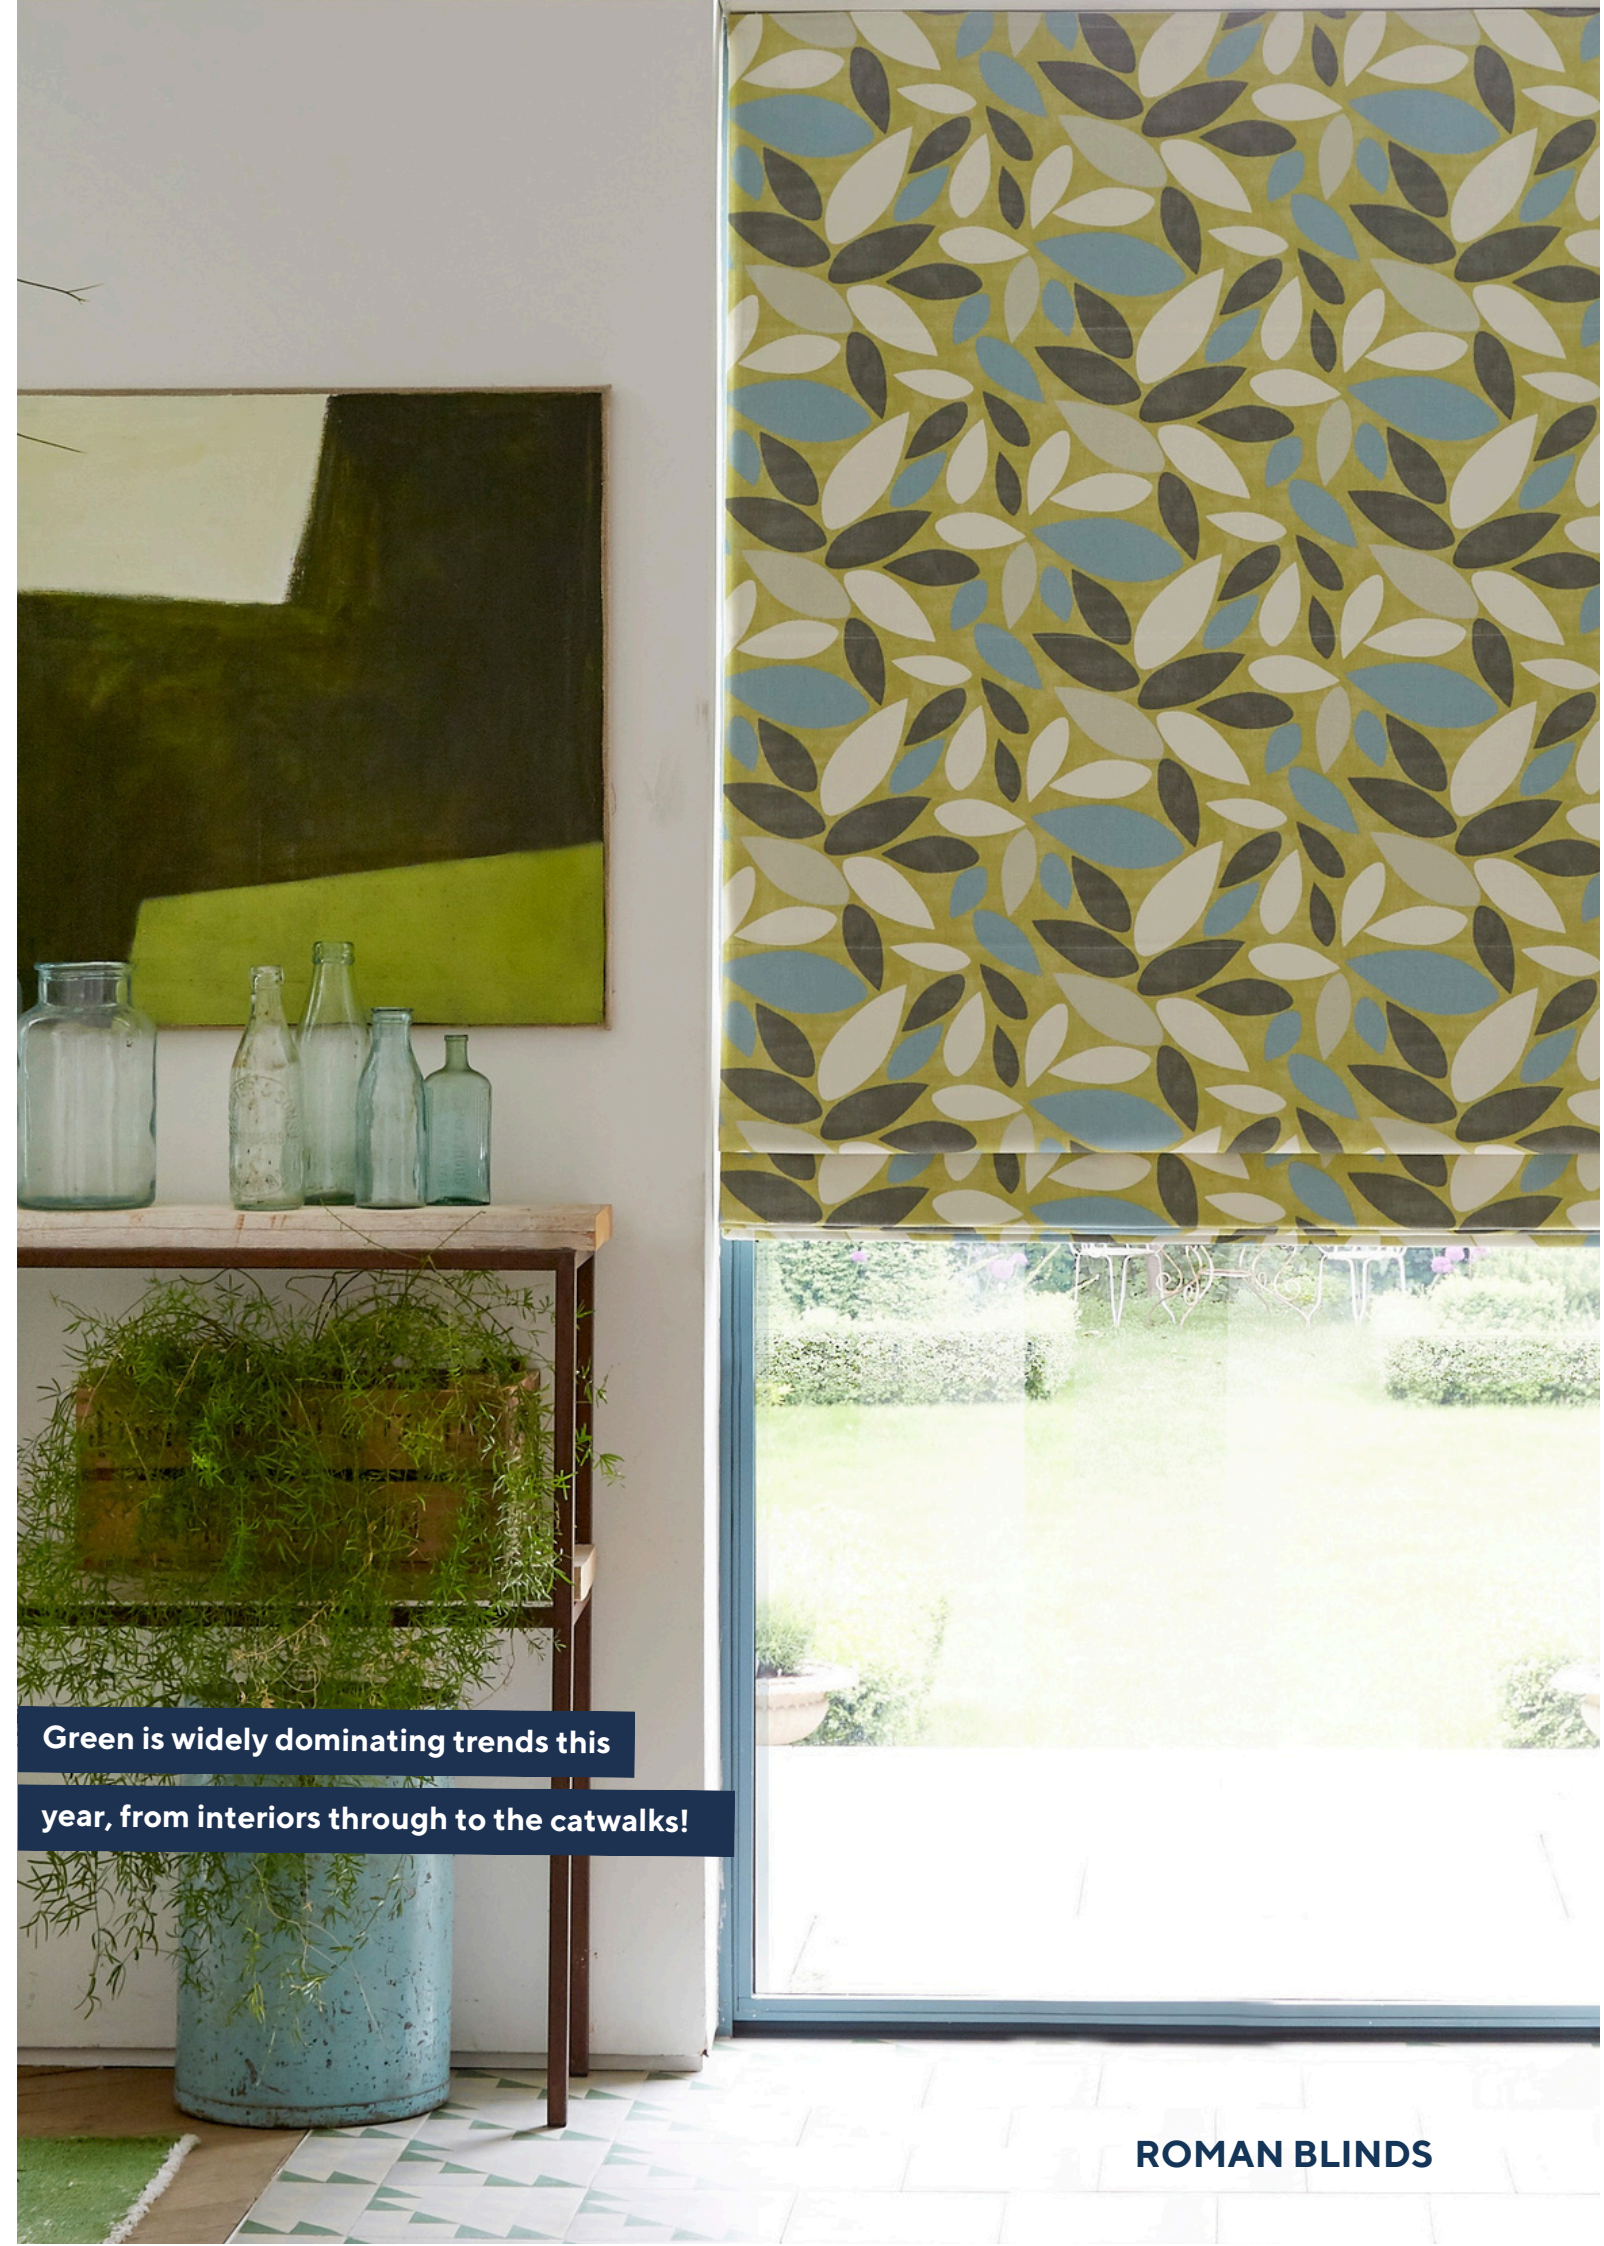

This recycled fabric is available in Vertical and Roller blinds, in a beautiful range of plain coloured fabrics that will look great in any home!

ROMAN BLINDS

Renowned for their elegant drapes, Roman blinds are one of our most sophisticated blinds styles in the range.

Greens are in and they certainly work well on a Roman Blind! From olive tones through to tropical prints, our Roman Blinds range will help you to adopt the Biophilic design that's on everyone's Pinterest board this year!

Green is widely dominating trends this year, from interiors through to the catwalks!

Pair green and pink for the trendiest colour combination!

VERTICAL BLINDS

Would you go bold with emerald green Verticals?

Vertical blinds are the ideal blend of practicality and style... One of our most popular styles of blinds, Verticals come in a wide range of on-trend prints, neutral shades and specialist fabrics - perfect for every room in your home. They're ideal for bay and wide windows and will add height to your space thanks to their vertical slats.

The definition of character and style...

White Shutters are a timeless window dressing.

SHUTTERS

SUHTTER

A beautiful combination of light and shade. These classic streamlined shading solutions will add an air of sophistication to any room.

Shutters come in a range of wooden tones and coloured shades - with something to suit all interiors.

Offering fabulous light and privacy control, the sleek adjustable blades ensure privacy, reduce noise and improve insulation.

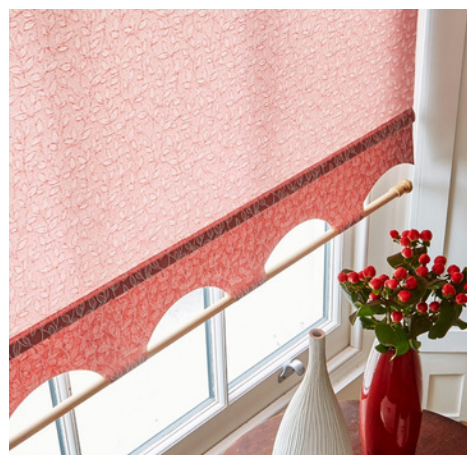

MOTORISED BLINDS & ACCESSORIES

We've made it easier than ever to operate your blinds with our motorisation control system. Sit back, relax and control your blinds at the click of a button.

Ideal for enhancing privacy and convenience in large living spaces and high windows.

Did you know you can link motorised blinds up to your smart home?

It's all in the little details!

Accessories for your blinds add an air of luxury to an entire room. All our made to measure blinds can be fitted with decorative accessories to complement your chosen blind beautifully.

Opt for a fabric braid in an accent shade, a decorative pull in rose gold, or eyelets and bottom bars sewn in the hem. There's a blind accessory to suit every decor.

INTU MICRO PLEATED BLINDS

Intu Micro Pleated Blinds minimise thermal transfer, ensuring your home remains warm in winter, and cool in summer.

PROUD MEMBERS OF THE BRITISH BLIND & SHUTTER ASSOCIATION

A1 Blinds is very proud to be a member of the BBSA. This is your assurance of the highest standards of quality, workmanship, service, fair trading and child safety.

Before joining the BBSA, prospective members must undergo a strict vetting procedure. Members have to have been trading for a minimum of three years, have sound financial history, a commitment to training and appropriate health and safety standards, and quality systems in place.

The association takes a leading role to ensure high standards of products and services throughout the trade. Each member must adhere to a Code of Practice and is kept updated with changes to standards, requirements and best practise.

You can buy from A1 Blinds as members, safe in the knowledge that our products are entirely fit for purpose, with the back-up of the only national trade association for window blinds and shutters.

All BBSA members are part of the BBSA's 'Make it Safe' Campaign. A1 Blinds is fully committed to helping eliminate the risk associated with hazardous cords, chains, and tapes used on window blinds.

All our blinds are 'safe by design' or supplied with appropriate child safety devices installed. We also offer a number of

solutions to help you make any old, existing blinds, safe.

We ensure that parents and carers have the correct information to make the right, safe choice of blinds for their home.

**make it
safe**™
